

SCHOOL COUNCIL MINUTES

Meeting: 24/02/2015

1. Miss McDonald explained that we were ready to start manning the Buddy Bench! We tried on our brand new, yellow buddy tabards that we will wear in the playground. We made a Buddy Bench rota to make sure that it was manned by school council reps every day. We will send round the rota to each class so teachers can remind class reps when their buddy shift is.
2. We decided to make posters advertising the buddy bench. We included information that explained that the buddy bench was being manned by buddies every lunchtime from 12.20 -1.00. It is for children who need a friend. We will send posters to each class in the school so that they could be put up in the classroom.
3. We discussed our role as a buddy:
 - To be kind to anyone who comes to the bench.
 - To chat with children and make them feel happy.
 - To invite them to play games with us.
